

WHAT MAINTENANCE TRAINING's SHOULD YOU PRIORITIZE ?

Name : _____
 Position : _____
 Area : _____

	NO.	RSA RELIABILITY COURSE MODULES	CODE	DURATION	PRIORITY TRAINING					SCORE	Remarks
					1	2	3	4	5		
BASICS	1	Basic Maintenance Concept - Understanding Reactive, Preventive, Predictive and Proactive Maintenance	BMC	1 day						0	
	2	Meaningful Measures of Equipment's Performance - Understanding OEE, MTBF, MTTF, MTTR and MTBA	MMP	2 days						0	
	3	World Class Maintenance Management Concept - The 12 Disciplines	WCM	3 days						0	
	4	Understanding Total Productive Maintenance - JIPM Approach	TPM	3 days						0	
STRATEGIES	5	TPM's Autonomous Maintenance Concept - Step's 1 to 3 (Part 1)	AM1	2 days						0	
	6	Adopting Lubrication Strategy - Understanding The Importance Of Tribology & Oil Contamination Control	LUB	2 days						0	
	7	Root Cause Failure Analysis - Uncovering The Root Of The Problem	RCFA	2 days						0	
	8	Understanding Condition-Based Maintenance - Total Approach To Failure Prediction and Analysis	CBM	2 days						0	
	9	Reliability-Centred Maintenance	RCM	3 days						0	
	10	Optimizing Equipment Reliability (RCM Enhancement)	OER	3 days						0	
	11	Planned Maintenance 4 Phases To Zero Unplanned Breakdown	PM4P	3 days						0	
	12	Optimizing Preventive Maintenance Strategy 	OPM	2 days						0	
	13	Principles Of Equipment's Reliability 	PER	3 days						0	
	14	Strategic Planning for Maintenance	SPM	2 days						0	

Legend :
 Place 1 on the box if you feel that this training can be disregarded
 Place 2 on the box if this training is not very relevant to your work
 Place 3 on the box if this training can be recommended for future plans within the year
 Place 4 on the box if this training is immediately needed at your company and must be scheduled within the next 2 months
 Place 5 on the box if this training will be needed at once and should be conducted within this month
